

Richard A. Roski M.D., F.A.C.S.

Background: Purdue University – West Lafayette, Indiana, 1971
BS – Engineering Sciences – 1971
MD – Case Western Reserve University, Cleveland, Ohio, 1977
Neurological Surgery- University Hospitals of Cleveland, 1981
American Board of Neurological Surgery, 1983

Dr. Roski has been a leading neurosurgeon for 30+ years both regionally and nationally. His interests center on both cranial and spinal pathological conditions and has researched all aspects of clinical treatment and outcome evaluations. He is the past President of the Congress of Neurological Surgeons and currently sits on many committees involving neurosurgical practices. His own practice has utilized Cost Reduction Technologies testing since its inception and has been a strong advocate for objective evidence-based human performance outcomes. In addition he currently is a member of the American Academy of Disability Evaluating Physicians.
